Lions to decide on future of Fish Fry

While Treasurer Dennis Stephen compiles the financial outcome of the recent Fish Fry in June, questions are lurking about the future of our main fund raiser. As membership declines it's becoming difficult to run the daylong event without having a worker shortage.

A new format this year brought in Dave's Fish Fry Service of Huntington, Indiana to prepare the fish and for the first time this year tenderloins. Some said the fish was not as good as previously. Stephen said some questions to think about: move to a new date, go to one day, sell a child's ticket, pair with another event in town, pair with ice cream people for our event, go to another fund raiser or do several smaller fund raisers.

Stephen, in his preliminary report, thanked club members and their spouses who helped with the Fish Fry. He said everyone worked hard to make this a good event and we proved that we can still carry out an event of this magnitude successfully.
