The Growing Influence of Leos

From Lions Club International

Since 2017, when Leos were first given a board presence as part of the Youth Engagement Ad Hoc Committee, the idea of creating a membership pathway for Omega Leos has been gaining traction.

We put together a timeline that highlights important milestones ones we've already accomplished and a few that will be achieved soon in exploring this Leo pathway to membership. Check it out now at lionsclubs.org/leos, and learn more about the vision and values of these amazing young people.

Update on Diabetes Epidemic

From Lions Club International

The growing diabetes epidemic is nothing short of staggering. According to the International Diabetes Federation, the number of adults living with the disease is expected to reach 629 million by the year 2045. In the face of such a powerful challenge to global health and well-being, what difference can one person possibly make?

Every journey begins with a single step. Serving in diverse communities all over the world, more than 1.4 million Lions and Leos now have a unique chance to change the fight against diabetes, one act of kindness at a time.
