## **Club considers supporting Vial for Life program**

Sponsorship of the Vial of Life program was presented to the Centerville Lions Club Monday evening, April 25. Lion Phil Benedict, a member of the Star 360 Motorcycle Club made the presentation. He said residents would place their medical information in a vial that would be stored in their refrigerator. In emergencies, EMTs would know where to look for the information. The information includes what medications, a medical history with allergies, etc.

Benedict proposed that the Lions Club pay for the Insignia that is placed on the plastic vial. The club voted to appropriate \$120 that would cover that cost... contingent on the motorcycle club's approval.

In other action, the club approved a \$75 expenditure for the Centerville Summer Baseball program. And they heard about plans for new shirts for members.
