Plans For Ambassador Healthcare Revealed

Exciting plans for Ambassador Healthcare of Centerville were revealed to members of the Centerville Lions Club Monday evening, May 10. Doug Cook, President and CEO of the facility on U.S. 40 just east of Centerville, said plans include an improved entrance along with landscaping. Major initiatives include a goal of 20% increase in nursing staff, contributions of \$100,000 toward Nursing Scholarships for Wayne County residents and other local charitable initiatives, addition of ministry staff to assist residents and employees with their spiritual needs, and substantial improvement of food and beverage and activities in the facility.

Cook, who has been the managing member of Ambassador since March of 2018, said during the past year patients dropped to 65, but currently are back to 75. He said his goal is to 100 by the end of the year. The facility is licensed for 137 beds. Another goal is to continue great care and good food. He said there were 175 employees prior to Covid-19, however that number has fallen since it's been a struggle to find employees.

Cook recently announced that actor Richard Thomas has joined him as a partner. Thomas, well-known from his leading role as John-Boy in the CBS drama, The Waltons, has known Cook for over 20 years. Thomas will be a strategic partner helping guide the overall goals and strategies of Ambassador Healthcare and to promote the organization.

Information about Ambassador Healthcare can be found on their web site: <https://www.ambassadorhealthcare.com/>
